Features & Benefits ☆

16mm Structured Polycarbonate Panels:

Available in Clear, Bronze or Opal as Standard with an optional upgrade for 16mm HeatShield.

- Highly robust – Naturally strong with high impact resistance
- UV Resistance – Minimal long-term yellowing while offering natural lighting
- Lightweight – Sheet weight just 7 kg/m²
- Heat Reflecting Properties – Reduces solar gain by up to 50%
- Fire Performance – BS476: Part 7: CLASS 1Y
- 10 year warranty – For peace of mind on your projects

When measured, light transmission is the percentage of light passing through glass or other materials such as polycarbonate reducing heat depending on the application.

Colour	Clear	Bronze Tint	Opal Tint	HeatShield (EG)
Light Transmission	77% LF	18% LF	42% LF	20% LF
Heat Transmission	73% SF	44% SF	47% SF	19% SF

Victorian Upgrade:

The Simplicity 16 is available with the Victorian Upgrade. This enhances your structure with a decorative design, perfect for traditional buildings.

Integral Aluminium Guttering:

Creates a sleek, modern design which is stronger than external guttering systems and saves time on installation.

Low Maintenance:

No need for repainting throughout the life of the veranda, a simple clean and removal of debris from the integral gutter is all that's required.

Full 10 Year Guarantee:

The Simplicity 6 is supplied with a full 10 year guarantee and a 60 year life expectancy for the canopy frame.

Victorian Option

LED Lighting

Glass Sliding Doors

Infrared Heaters
