

MILWOOD  
GROUP

The Milwood Way

# WE HAVE THE COMPETITIVE EDGE

The Benefits to Partnering with Milwood Group:  
We're Dedicated to Delivering Unmatched  
Excellence and Innovation for Every Project.

# Our advantages outweigh the competition

## 1. UK Manufacturing & Product Excellence

Builds trust around quality, control, and long-term performance.

- We extrude aluminium in the UK
- We manufacture in the UK and are officially 'Made in Britain' certified
- All Simplicity systems and upgrades are designed and engineered in the UK
- We powder-coat using an in-house Qualicoat Certified facility to Seaside specification
- We offer versatile bespoke systems manufactured to the millimetre
- We also supply a selection of cost-efficient standard sized verandas and glass rooms
- We provide a range of standard sized aluminium gate solutions
- Full kit supply including glazing and polycarbonate panels

## 2. Commercial Value & Partnership Support

Positions the financial benefit alongside the ongoing support you provide.

- Unlock up to 40% discount through our simple four-step partnership criteria
- Dedicated account managers support every Trade Partner
- Comprehensive installation training is available
- Digital installation guides and technical resources are available online
- We provide marketing resources to support Trade Partners promoting our systems
- Trade Partners can use our showroom to demonstrate systems to customers
- Unbranded brochures and white-label samples are available

## 3. Simple, Efficient Supply & Delivery

Reinforces how easy it is to work with Milwood operationally.

- Full CAD drawings are produced for every bespoke project
- We deliver free to most of the UK (excluding NE, CA postcodes, Scotland and SW)
- We can deliver using our own vehicles directly to your customer's premises
- All systems are supplied unbranded for Trade Partners
